13 the expulsion of aliens

international migration law is an important field of international law which has attracted exceptional interest in recent years this book has been written from a wide variety of perspectives for those wanting to understand the legal framework that regulates migration it is intended for students new to this field of study who seek an overview of

its many components it will also appeal to those who have focussed on a particular branch of international migration law but require an understanding of how their specialisation fits with other branches of the discipline written by migration law specialists and led by respected international experts this volume draws upon the combined knowledge of international migration law and policy from academia international intergovernmental regional and non governmental organisations and national governments additional features include case studies maps break out boxes and references to resources which allow for a full understanding of the law in context

companion to international migration law richard plender rev 2nd ed 1988

with a foreword by brunson mckinley director general of the international organization for migration iom this book encapsulates the law of international migration by examining developments first addressed in the volume on migration and international legal norms edited by t a aleinikoff and v chetail t m c assers press 2003 and by discussing wholly new themes in this regard the book considers emerging issues such as the challenges posed by migration to state sovereignty and the protection of human rights as a result of the increasing tensions between anti terrorism or security legislation and immigration measures the impact of the use of biometrics technology e g fingerprinting to identify and better monitor international movements of persons and enhanced cooperation on the european union external border the human rights of vulnerable groups of migrants such as migrant workers women victims of trafficking and stateless persons are also examined the issue of forced migration warrants a consideration of the international migration law relating to groups such as internally displaced persons as well as the international community s response to secondary movements of asylum seekers questions of state responsibility concerning for example stranded migrants and provision of consular protection and assistance to migrants are also discussed moreover the expansion of regional legal frameworks concerned with migration such as eu immigration and asylum law and policy and the growing case law on european citizenship as well as developments in free movement regimes in africa the americas and the caribbean are added to the analysis of the growing body of international migration law a range of persons from international organizations legal practice and academia with expertise in international migration law have contributed to this volume which is aimed at a broad audience including policy makers academics researchers postgraduate students legal practitioners civil society representatives and journalists ryszard cholewinski is labour migration specialist in the migration policy research and communications department of iom the international organization for migration in geneva in the same organization richard perruchoud is director of the international migration law and legal affairs department euan macdonald holds a phd in public international law from the european university institute in florence

a unique and comprehensive overview on the numerous international rules governing migration this book brings together and analyses the disparate norms and treaties within international and european law it is a critical study of the role of international law in regulating the movement of persons offering an ideal introduction to the field

this lively collection presents the revised papers resulting from a conference held at the faculty of law of the university of groningen under the auspices of the groningen centre for law and governance and the department of european and economic law the conference brought together scholars from a number of countries to examine a series of current issues in international migration law a topic which continues to be of major importance worldwide the collection aims to widen horizons in the debate and assist in achieving an understanding of the fact often forgotten by those who prefer rhetoric to understanding that migration is a truly global phenomenon while europe is at the forefront of population changes and debates on the control and management of migration there are major issues and crises in many areas across the globe and various contributions to this volume rightly draw attention to them

since the publication of the second edition of this outstanding collection there has been a continued and rapid growth in the number international conventions protocols declarations and recommendations governing migration and a transformation of the european union s the legislation on the subject the present edition takes account of these developments

a stimulating survey of the key themes in international migration law

international migration law provides a detailed and comprehensive overview of the international legal framework applicable to the movement of persons across borders the role of international law in this field is complex and often ambiguous there is no single source for the international law governing migration the current framework is scattered throughout a wide array of rules belonging to numerous fields of international law including refugee law human rights law humanitarian law labour law trade law maritime law criminal law and consular law this textbook therefore cuts through this complexity by clearly demonstrating what the current international law is and assessing how it operates the book offers a unique and comprehensive mapping of this growing field of international law it brings together and critically analyses the disparate conventional customary and soft law on a broad variety of issues such as irregular migration human trafficking refugee protection labour migration non discrimination regional free movement schemes and global migration governance it also offers a particular focus on important groups of migrants namely migrant workers refugees and smuggled migrants it maps the current status of the law governing their movement providing a thorough critical analysis of the various stands of international law which apply to them suggesting how the law may continue to develop in the future this book provides the perfect introduction to all aspects of migration and international law

the second revised edition of basic documents on international migration law brings together in a single volume the principal international conventions declarations and instruments governing international migration in the form in which they stood as of early 1997 it contains the texts of these materials or where appropriate extracts from the

texts together with information on the current state of ratification of each instrument and indications of any reservations interpretative declarations or other statements made by the states parties the book begins with excerpts from general multilateral texts ranging from the universal declaration of human rights to the vienna declaration of 1993 this is followed by instruments governing nationality and statelessness materials relating to refugees and texts emanating from the council of europe the conference on security and cooperation in europe the european community and union and the international labour organization the selection ends with a miscellany of texts of general significance from the inter american convention on territorial asylum of 1954 to the convention of human rights concluded by the commonwealth of independent states in 1995 this publication is not intended for scholars alone but also for practitioners in migration law the texts are of practical significance for those concerned with the administration of the laws affecting migration and for representatives of those affected by these laws it also serves as a companion to richard plender s monograph international migration law

a stimulating survey of the key themes in international migration law

this publication assists readers be they academics students practitioners experts or migrants themselves to better orientate themselves in the web of norms and principles existing at the international level the focus of the compendium is on bringing together a comprehensive compilation of universal instruments with varying degrees of legal force from authoritative international treaties through customary international law to the sets of principles and guidelines which although non binding are nonetheless of clear contemporary relevance and can contribute to the progressive development of law in areas not covered by hard norms

migration is a complex and multifaceted issue and the current legal framework suffers from considerable ambiguity and lack of cohesive focus this handbook offers a comprehensive take on the intersection of law and migration studies and provides strat

this handbook focuses on the complexity surrounding the interaction between trade labour mobility and development taking into consideration social economic and human rights implications and identifies mechanisms for lawful movements across borders and their practical implementation

as the law and politics of migration become increasingly intertwined this thought provoking research handbook addresses the challenge of analysing their growing relationship discussing the evolving theoretical approaches to migration it explores the growing attention given to the legal frameworks for migration and the expansion of regulation as migration moves to the centre of the political global agenda the research handbook demonstrates that the overlap between law and politics puts the rule of law at risk in matters of migration
